

FP Paper Folding Machine

Paper folding made easy

Paper Folding Machine RD-298

D5D9F : C@8ING AT A TOUCH OF A BUTTON

THE SOLUTION

DUdYf : c`X]b[Machine RD-298

1. High Capacity and Easy to Operate

With a loading capacity of 500 sheets The RD-298 is an automatic paper folder which will take care of all your folding requirements. High speed folding for all unique sizes and folds, self adjustments for paper thickness and a pressure adjuster for paper feeding.

2. If you require folding the RD-298 is for you

The RD-298 paper folder makes tasks such as folding invoices, staements or marketing materials simple with the ability to fold 100 sheets of paper per minute whilst still keeping a count of your folding job.

3. Save Labour Time

The RD-298 paper folder is ideal for professional organisations, government departments and schools allowing to program different fold requirements at the touch of a button via the control panel.

RD-298 Control Panel
